

Reaching the bottom of the pyramid with RBF – wishful thinking or reality?

Photo credit: GIZ/ Amouzou Junior

Join the 2nd event of our RBF Facility's webinar series to discuss the effectiveness of Results-based Financing (RBF) to target vulnerable groups in energy access markets and demystify some of the complexity around pro-poor approaches

Agenda	Speakers
Overview of pro-poor approaches in the RBF Facility	Barbara Richard, EnDev HQ (GIZ)
Solar Home Systems (SHS) in Rwanda: Geographic targeting of vulnerable groups	Sarah-Melissa Leitner, EnDev Rwanda (GIZ)
PAYGO Solar in Tanzania: Reaching last-mile customers using a Vulnerability Access Index	Inga Brill, EnDev Tanzania (SNV)
Improved cookstoves (ICS) in Malawi: Modern cooking energy for poor and vulnerable groups	Lloyd Archer, United Purpose
Discussion and Conclusion	

Meet us virtually on July 30th 2020
10:00 – 11:30h CET/MEZ

Please feel free to forward this invite. For further information please contact sarah.wollring@giz.de or franziska.munzinger@giz.de.
